First offence Exclusion

20 General Regulations

All other General Regulations of Motorsport UK apply as written except for the following which are modified:

(NCR13.9.4.4) Only the first named driver listed on the official entry form can drive during the competition.

(NCR13.12.4.1.h) Stages will be identified by detailed sketch diagrams.

(NCR13.13.9.1.e) Penalty-free Maximum Permitted Lateness will be 5 minutes. Each Service (NCR13.13.9.1.f) shall be defined as a Regroup, whereupon lateness shall reset to zero at the 'in' control (NCR13.13.5.1)

(NCR13.13.14.1) To be classified as a finisher, a Competitor must complete two-thirds of the stages [i.e. four out of five] and report to both MTC1 and the final control within the maximum lateness specified, with the car in which they started.

21 Red Flag Procedure

On any special stage where extreme circumstances make it necessary to neutralise the competition, e.g. where spectator safety is compromised, or to authorise the movement of non-competing or rescue vehicles, the system of Red Flags will be in place. The flags will be located at mid stage rescue points, all locations where a rescue/emergency vehicle may reenter the stage following a shortcut and at each mandatory Radio Point. Red Flags will be displayed at all Mandatory Radio Points preceding the incident, only on the specific instruction of the Clerk of the Course or Stage Commander. Red flags will be prominently displayed (held out steady not waved) by a designated marshal wearing a marshals' tabard. Competitors who have been shown a Red Flag will be given a notional time for the stage. No flag other than a Red Flag will be deployed at any point along the route of the special stage.

On passing a **Red Flag** displayed by a marshal wearing a marshals' tabard, the driver **MUST immediately and significantly reduce speed** as well as being prepared to stop at any time; at no time must they overtake any safety vehicle they encounter on the special stage route. The driver must then follow the instructions of any marshals and/or stage safety personnel and maintain this reduced speed until leaving the special stage. Failure to comply with this rule will incur a penalty at the discretion of the Clerk of the Course.

22 Re-joining

Competitors who exceed Maximum Permitted Lateness, fail to complete, or miss a stage or control, may rejoin the rally, with a penalty of 30 minutes per stage or control not visited or completed, but must be re-scrutineered before attempting to rejoin.

26 Reconnaissance, Practising, Pace Notes

As from the publication of these Supplementary Regulations, any Competition Licence holder who permits the unauthorised presence at any time of any vehicle on private land within Crail Airfield will be disqualified from the event itself and referred to the MSC National Court.

Crail Raceway is run as a commercial enterprise and organise other motor events throughout the year, the events run by Crail Raceway are not Motorsport UK regulated - they do not run with a Motorsport UK permit and have their own public liability & event insurance and are entirely separate from GMSC rallies.

Entering a Crail Raceway ran event is therefore not considered to be practising or unauthorised reconnaissance prior to either of the GMSC events.

Authorised presence on private land within Crail Airfield shall be limited to competitors who also sign on as officials, to assist with marshalling, stage setup, etc. but only after written permission has been obtained from the Clerk of the Course. Once signed on, competitors may traverse the route up until 06:30 Saturday 6th November 2026, by non-motorised means - i.e. on foot, bicycle, etc. - only.

The use, provision or possession of pace notes or any other means of giving a competitor advice relating to the traversing of a Special Stage that has not been provided by the Organisers, unless in accordance with the detailed sketch diagram, is prohibited. This does not however preclude a crew from recording information during an event for use later in the same event.

E-bikes or electric type mountain bikes are allowed in the service area and to recce the stages (within the allocated time slots) but ONLY if they are pedal assisted. Full electric bikes or scooters etc are not permitted unless special dispensation is applied for due to medical reasons.

Speed Limit in the service area is 5mph at all times and must still be adhered to regardless of the mode of transport.

27 Fuel

Competitors may only use fuels conforming to the definitions of Pump Fuel in the 2026 Motorsport UK National Competition Rules, which now includes fuel that complies with FIA Appendix J, Article 252, Art 9.1. The use of FIA fuel is not permitted by cars complying with (NCR8.1).

There will be strict procedures for refueling, detailed in the Safety Plan, Service Area Risk Assessment and Final Instructions. Failure to comply with the instructions may result in disqualification from the event.

28 Tyres

Wheels and tyres must be in accordance with (NCR8.4.4) Tyre suppliers at the event will be Ronnie Thom, Wheels Around www.wheelsaround.co.uk (01764 662897).

Maximum number of tyres allowed on this event is **unlimited**.

29 Marshals

Motorsport simply cannot happen without the support of the fantastic marshals we have in the UK. All marshals receive a hot meal from the snack van and a packed lunch, along with an event hat to keep you warm (it's Crail so even in the summer it can be chilly). If you can help out on the day, please use the entry form if you wish to make a donation or contact the Chief Marshal or email keithchiefmarshal@gmail.com.

If you have not marshalled at a rally before (either registered or new to marshalling), please make the Chief Marshal aware and you will be paired with an experienced rally marshal. For

information on how to become a Motorsport UK accredited marshal, please visit <https://www.motorsportuk.org/volunteers/marshals/>.
